COMPANY PROFILE

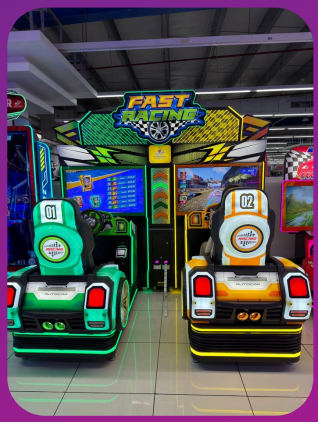

Building entertainment since 2000.

Funscapes Zone is managed and upgraded by the team that started the family entertainment business in the Middle East — now expanding into Africa, starting with Kenya.

OUR STORY

Over 25 years of building fun across the Middle East

Funscapes Zone is managed and upgraded by the team that started the entertainment business in the region in the year 2000 — beginning with Foton World Entertainment — and who went on to found Funscapes. Funscapes Zone is the newest chapter of that same team's journey.

SINCE 2000

Foton World Entertainment

Where it all began. Foton centers at Jimi Mall in Al Ain, Manar Mall in Ras Al Khaimah, Marina Mall in Abu Dhabi and Al Tawun Mall in Sharjah, plus centers in Bahrain and Oman.

2010 – 2020

Actionhaaa · Extra Mall, Al Ain

The same team founded the Actionhaaa brand and built and managed its first center at Extra Mall in Al Ain.

2015 – 2025

Funscapes · Remal Mall, Al Ain

Funscapes, the family entertainment brand founded by the team, operated at Remal Mall in Al Ain.

2015 – 2025

Badoland Entertainment

Bowling, karting and laser tag, built and managed by Funscapes in partnership with Aldar Properties.

TODAY

Funscapes Zone · Ras Al Khaimah

A fresh start in Hyper Ramez, Al Dhait South — managed and upgraded by the founding team with 25+ years of experience.

NEXT

Africa — starting with Kenya

Taking the Funscapes experience to a new continent, with Kenya as the first step of our African expansion.

WHAT WE DO

We build entertainment — end to end

Our team has designed, built and operated entertainment centers in many countries, and dedicates itself to complete solutions for the leisure and entertainment industry.

We DESIGN

Family entertainment centers from 5,000 sq ft to 50 acres, including outdoor rides inside indoor theme spaces — even medium-size roller coasters in compact environments, handling structure, noise and vibration.

We EVALUATE

Feasibility studies for your project, with in-depth analysis, suggested capex and profitability.

We OPERATE

We manage centers to the highest standards so they meet their financial and critical targets — marketed and promoted for visibility and recognition.

We PROVIDE

A wide selection of machines, spare parts, supplies, equipment, toys and redemption items, with service manuals, installation and technical support.

Products

Machines: crane machines, redemption games, video games, karts, bowling, laser tag
Spare parts & installation: motors, sensors, ticket readers and more
Toys & redemption items

Training & Edutainment

Trainings: SOPs and game systems management
Edutainment: programs in Robotics and Electronics that blend learning with play

OUR FLAGSHIP TODAY

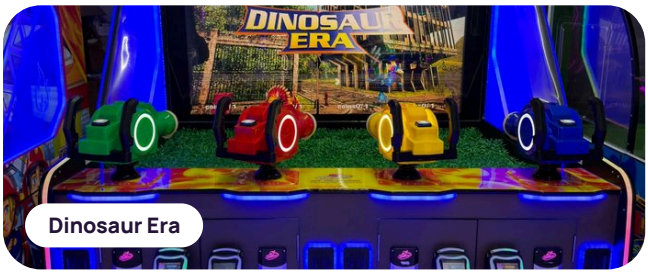

Funscapes Zone, Ras Al Khaimah

A family entertainment center managed and upgraded by the original Funscapes team — redemption and video games, kiddie and big rides, crane machines, play areas and party hall for birthdays, school trips and everyday fun.

Legends of Spark

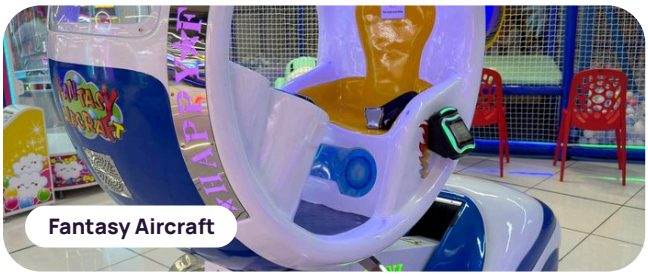

Fast Racing

Dinosaur Era

Unicorn Carousel

Fantasy Aircraft

Ball Paradise

Legendary Striker

Super Car

Birthday parties · School trips · Weekly offers · Game card top-ups · Party hall · Customer registration rewards

GROWING WITH AFRICA

Expanding into Africa — starting with Kenya

After more than two decades of building entertainment across the Middle East, Funscapes is taking its design, evaluation and operating experience to a new continent. Kenya is our first step in Africa.

UAE

Al Ain, Ras Al Khaimah, Abu Dhabi and Sharjah — where our team built and ran Foton, Actionhaaa, Funscapes and Badoland.

Gulf

Foton centers in Bahrain and Oman, built by the same founding team.

Africa — Kenya first

Our next chapter: bringing Funscapes family entertainment to Kenya, with more of Africa to follow.

Partner with us

Developers, mall owners and investors looking for a proven family entertainment partner — design, feasibility, equipment supply, operation and training — are welcome to get in touch.
